- Tech Stack – JavaScript, HTML, CSS, Responsive Design

PROJECTS

HRMS Platform / *React.js, Next.js, TypeScript, JavaScript, RESTful API, Node.js*
- Spearheaded a cross-functional team to successfully deliver the HRMS platform, managing both frontend development and API integrations.
- As a Frontend Team Lead, I successfully guided junior developers, assigning tasks according to project requirements, and ensured the timely completion of the project.

CRM Platform / *React.js, React Redux, Next.js, TypeScript, JavaScript, RESTful API, Node.js*
- Proficient in project flow understanding, adept at referencing external resources for information, skilled in preparing comprehensive documentation, and proficient in task delegation among team members. Strong focus on creating visually appealing user interfaces and optimizing code for efficiency.
- Interactive dashboards, and user-friendly interfaces for efficient customer management.
- Here, I worked as a team lead for the frontend, assigning work to my colleagues according to the project's needs.
